THRU: Jim Conroy, Chief Operating Officer

RE: New Club Application GVR Glass Artist Club

I received a complete packet application from the proposed GVR Glass Artist Club. They have included the required application including club officer list, club bylaws, member list, etc.

They also included a detailed list of the equipment and supplies that will be donated to start this club. In their application they state that they plan to acquire a dedicated space to accommodate 100+ members and the equipment in 2017.

They are asking that the August Board of Affairs review their application so that they can get this approved and the items donated.
