IV. President's Comments

Picasso said it best: "If there were only one truth, you couldn't paint a hundred canvases on the same theme." So it seems with Green Valley News editor, Dan Shearer, who promotes his 'truths' in hyperbolic fashion. This past year for GVR—a train wreck, REALLY? The vast majority of GVR members and Board Directors beg to differ. Let's take a closer look. With GVR's leadership and community engagement, Green Valley was recognized as a top retirement community in 2017 (Forbes.com; Topretirements.com). Additional homeowners voluntarily opt-in to GVR each year, with 31 homes becoming GVR member properties in 2017 alone. We added a Tuesday Farmer's Market at West Center, and made significant progress toward installing solar panels at 10 GVR sites over the next year for energy conservation and to save thousands of dollars a year in expense reductions. GVR was recognized for its excellence in programs and services by the Arizona Parks and Recreation Association, receiving the 2017 "Active Adult 50+ Program" Award. Last May, we partnered with the Green Valley Council and Green Valley/Sahuarita Chamber of Commerce, county officials and others to further economic well-being of our community with a Joint Resolution, "Partnership for an Envisioned Future." With extensive member input, GVR's volunteer leaders honed the 2016 Long-range Facilities Plan into a conceptual 3-5 Year Strategic Facilities Plan. We commissioned a comprehensive survey of member needs, wants, interests and values, with every member having an opportunity to participate (results will be presented at our 2018 Annual Membership Meeting). For the first time in 2017, GVR successfully incorporated reserve study components into its facilities repair and maintenance activities. Thanks to volunteer leaders, a compelling investment portfolio is established for reserve accounts. Hardly a train wreck. But let's look at specific examples cited by Mr. Shearer.

GVR has a well-deserved reputation for solid administrative and financial management evidenced by the fact that County Administrator Chuck Huckelberry reached out to GVR to assist the Community Performance and Arts Center and maximize use of this county-owned facility and classrooms formerly managed by Pima Community College. In a March 7, 2017 letter to GVR CEO Dr. Kent Blumenthal, County Administrator Huckelberry wrote, "...It is unfortunate that GVR has been drawn into the CPAC controversy. The media reports fail to indicate that our initial involvement with GVR was for the purpose of having your Facilities staff maintain our facility."

At the Green Valley Council's Board of Representatives on February 15, Mr. Huckelberry said that conversion of the closed Canoa Hills golf course into a County-owned open space park is close to becoming a reality. Mr. Huckelberry had originally accepted a staff recommendation not to accept the donation of the closed golf course, but the GVR Board and CEO persuaded him to change his mind. GVR's collaborative relationship with GVC led to a community-based task force for the initiative. With 77% of all Green Valley residents being GVR members, additional parkland is important.

Using the word 'debacle' to describe GVR's "December election" (actually, it was nominations, not elections) is disingenuous. GVR followed its Bylaws correctly. Bylaws stipulate that Board applicants be "selected" by a nominating committee. The Bylaws allows non-selected applicants to be added to the ballot via a petition process.

Criticizing GVR's Board for considering the Esperanza Property for a future Pickleball Center omits the fact that conducting public forums was a Board requirement for considering the property. GVR negotiated a 45-day contingency period to hold public forums and conduct due diligence. The Esperanza Property met all requirements for a 24-court Pickleball Center attested to by architects, engineers, and Pima County. The Board remains committed to finding a workable solution that addresses the increasing demand for more pickleball courts.

GVR must consider the varied needs and interests of more than 23,000 members. Lumping together all GVR members into one "membership" basket doesn't work. Missteps? I think not. "Steps forward" is a more appropriate description.

V. CEO Report

Your GVR staff has been quite busy since our last Board meeting.

- We have negotiated offers to purchase property for Pickleball Center.
- Launched 2018 election ballots.
- Held a public forum on a potential site for a GVR/Pickleball Center.
- Worked with the National Research Center in Boulder Colorado and GVR's Blue Ribbon Committee towards completion of the 2018 GVR comprehensive membership survey.
- Had GVR's independent outside CPA auditor review our books on the 2017 budget and undertake a review of internal controls.
- Worked with our partner the GVR Foundation to enhance and fine-tune RetireArizona.org, Green Valley's community-based website.
- Met with some GVR club officials to consider options for much needed designated space.
- Met with Browning Reserve Group owner, Bob Browning to consider proper application of the GVR Reserve Study reports.
- Planned Member Forums to introduce candidates in the 2018 election and answer questions about the proposed Restatement of GVR Bylaws.

- Conducted numerous performing arts events including hosting the Tucson Symphony Orchestra at GVR West Center.
- Have planned for an exceptional second annual Southern Arizona CultureFest event at West Center this Saturday, March 3, from 10am-5pm.
- GVR's Board has encouraged me to have more "Conversations with Kent" about a variety of topics of importance to GVR members. I'm sure they did not intend for me to just talk to myself. I'm planning another "Conversation with Kent" about nothing less than GVR/Member Communications. I want to have this event during GVR's peak season, and have selected Tuesday, March 13 from 9:30-11am at East Center Auditorium. Look for more information and an announcement about this soon!
- Lastly, back to the 2018 Southern Arizona CultureFest. We have several fantastic performances, including a Drumming Circle with Native American Tony Redhouse, the renowned Nogales High School Mariachi Band, Jarabe Mexicano, Nolic Dancers of Tohono O'odham, and other performers. The event is a fundraiser for the GVR Foundation and the Greater Green Valley Community Foundation. 2018 Southern Arizona CultureFest will feature 60 vendors with more than 20 sponsors. Tickets for adults are only \$10/each! The event starts at 10 AM on Saturday, with a Blessing by Tony Redhouse. I hope to see you there!

VI. New Business

A. Recommendation: Lighting Pickleball Courts #1 #2 and #3 at East Center

MOTION: Nelson / Seconded. Provide court lighting in FY 2018 at GVR East Center Pickleball Courts #1, #2, #3; further:

- 1. Funding for the East Center court lighting and associated engineering and design work shall not exceed \$90,000; and
- 2. Monies to pay for the East Center lighting of courts #1-#2-#3 shall be from reallocated monies within the Board-approved, FY 2018 budget for non-reserve capital projects.

Passed: unanimous

B. Recommendation: Initiatives Reserve Funding Mechanism

MOTION: Allen / Seconded. Each Quarter, GVR shall fund the Initiatives Reserve Fund according to the following formula:

- 1. For each home sold with a New Member Capital Fee, twenty (20) percent of the fee, rounded up to the next \$5 and
- 2. For each home sold with an Initial Fee, twenty-five (25) percent of this fee rounded up to the next \$5 will be transferred to the Initiatives Fund.

At the end of each fiscal year, the Board of Directors shall determine the amount, if any, to contribute over and above the aforementioned funding from excess Revenue-Over-Expenses plus Depreciation Expense less Reserve Contributions to the Maintenance, Repair and Replacement Reserve Fund, and amend the CPM as described on the following page.

AMEND MOTION: Lathrop / Seconded. Begin Motion with Beginning Fiscal Year 2019 Passed: unanimous

MOTION Passed: unanimous

C. Recommendation: Philanthropic Naming Opportunities Policy

MOTION: Palese / Seconded. Accept Philanthropic Naming Opportunities Policy/Guidelines for naming in recognition of financial gifts, the donor will be expected to provide all or a substantial part of the cost of the entity. "Substantial" is deemed to mean either a significant majority of the cost (25%) or a contribution which, while not being a significant majority, would not have been available from another source or was in some way integral to project completion. A guide for naming may be based on

cost of area per square foot with appropriate adjustments based on visibility of space to be named and other considerations. Naming of programs, funds and services for individual donor gifts may be made when a substantial gift is received for such purpose. A substantial gift generally is deemed a gift that provides an endowment necessary to support a specific program, fund or service.

Donors may be individuals, families, organizations, foundations or corporations.

In establishing objectives for a fundraising campaign, GVR Foundation, in consultation with the Green Valley Recreation, Inc. (GVR) Board, will establish a schedule of naming opportunities and the level of donation required for each. The Foundation will consult with the GVR Board to advise whether the gift levels are appropriate and consistent with other similar campaigns.

General Provisions

- 1. No naming will be approved or (once approved) sustained that will call into serious question the public respect of Green Valley Recreation.
- 2. Names of facilities or areas should lend prestige to GVR. The credentials, character and reputation of each individual, organization or corporation for whom the naming rights are being considered shall be carefully scrutinized and evaluated. Nominations submitted for consideration must be accompanied by supporting documentation.
- 3. When a building or significant area is named, GVR will continue to use the name so long as the building or area remains in use and serves its original function. When the use has changed such that it must be demolished, substantially renovated or rebuilt, GVR may retain the use of the name, name another comparable room or facility or discontinue the use of the name.
- 4. It is the responsibility of the Foundation negotiating on behalf of GVR to advise potential benefactors that their gift may be recognized by naming, subject to approvals and decisions consistent with this policy.
- 5. It is also recognized that the Foundation, in developing and executing a campaign, may rely on plaques, a donor wall (monument), pavers, benches, etc. to encourage and recognize a variety of donors.

Approvals

- 1. All proposals for naming will be forwarded to the GVR Board, who shall make a determination whether the proposed naming conforms to this policy, is otherwise appropriate, and is of sufficient merit.
- 2. The GVR Board will consider for approval the naming of buildings, substantial areas or significant landscape features. The Board will also approve the schedule of naming opportunities and the level of donation required for each upon the launching of a capital campaign on campus. Similarly, the GVR Board will consider for approval the naming of programs, funds and services in recognition of substantial financial support.

Attention GVR Pickleball Advocates!

Pima County Public Hearing
On Proposed GVR Pickleball Center & Park
April 11, 2018 @ 10:00am –
Pima County Development Services Office
201 North Stone Ave., Tucson, 85701

Pima County will hold a public hearing on GVR's application for a Conditional Use Permit (CUP) to develop a Pickleball Center & Park on 10.8 acres in Green Valley. The site (Parcel 304-18-940F, 2612 S. Camino De La Canoa) sits east of I-19, just .8 miles County's Canoa Preserve Park and Chuck Catino Softball Complex.

Pickleball enthusiasts can send emails and attend the hearing to support the Pickleball Center and Park

Many reasons to support the Pickleball Center & Park:

- 1. No homes or future residential properties are within close proximity to the site. Property is next to an active Southern Pacific railway and power lines.
- 2. Park-like setting design, complementary to a conservation common area directly opposite the site.
- 3. Enhances a recreation corridor beginning at Pima County's Canoa Preserve Park less than 1/mile away.
- 4. No after-dark court lighting in deference to the Pima County Lighting Code.
- 5. HOAs closest to the site are within GVR's Corporate Boundary, allowing residents who are GVR members to use the Pickleball Center & Park facilities.

Send emails in support of the GVR Pickleball Center & Park to:

GVR METAL WORKING CRAFTS CLUB

Overview

On March 22, 2016, club status was granted to the GVR Metal Working Crafts Club by a unanimous vote of the GVR Board of Directors.

On January 30, 2018, the Board of Directors unanimously authorized the execution of the 2018 Club Request Projects. Within the \$79,700 funds for projects is \$10,000 designated to the GVR Metal Working Crafts Club for development of a workspace.

Since the formation of the club, anxious GVR members have longed for a dedicated space to work and create. Until just recently on February 1, the GVR Metal Working Crafts Club has had no space to work in and no space to store equipment being acquired through donations by avid potential members. February 1 began a onemonth trial of a shared space with the GVR Woodshop. This trial has since expired and the club is without space to work.

The relocation of the GVR Fleet from the Administrative Offices (AO) at West Center Complex to the now operational Facilities Management Complex at the former nursery is part of an intentional critical path to provide additional usable space for member activities. It is staff's opinion that part of the vacated fleet parking area at the AO West Center Complex can be repurposed to aid in the function and development of a temporary home for the GVR Metal Working Crafts Club. Though it may look different from the original long-range strategic facility plan suggested by WSM Architects, the intention is the same. More opportunities for GVR members. Such repurposing of space will greatly impact the growth and vibrancy of the GVR Metal Working Crafts Club and will affect, in a positive way, current and future GVR membership.

Recommendation

- ✓ That the Board approve project planning and funding to allow for the GVR Metal Working Crafts to have safe temporary spaces outfitted and available for specific activities related to the club. That this space be dedicated and specifically located within the AO campus as identified by staff.
- ✓ That 3,510 ft² of the current AO Facilities Fleet Yard be repurposed, in part, as the temporary home for the GVR Metal Working Crafts Club. The scope of the project includes the pouring of a 24′x50′ concrete pad for placement of two (2) customized Conex shipping containers. These containers will be customized to the Club's specifications. The site will include at least 8 parking spaces. Staff anticipates that project planning and implementation will commence soon after P&E and Board approval is granted.
- ✓ That the costs of this project, primarily for permitting, concrete, electrical, fencing and 2-customized Conex containers be set at "not to exceed \$25,000" with the previously designated 2018 club award of \$10,000 applied to the total project expense; the funding source for the balance amount required to complete the project (approximately \$15,000) will be determined by the Fiscal Affairs Committee.

GVR GLASS ARTISTS CLUB

Overview

On August 23, 2016, the GVR Board of Directors voted unanimously to the formation of the GVR Glass Artists Club. It was stipulated in the motion to form the GVR Glass Artists Club that: 'Approval for formation of this club does not guarantee GVR will provide designated space or funds.'

Currently, the club has use of a poorly functioning multi-purpose recreation room for classes. This space has been available to them for only 14 hours a week since February of 2017. They have no space for kilns or storage of materials required for their craft. The use of kilns is currently being conducted at various GVR members' homes.

When storage space becomes available during the 2018 Phase II completion of the GVR Facilities Management Complex at the site of the former nursery, certain West Center space will lend themselves to house kilns and storage for the GVR Glass Artists Club.

Recommendation

- ✓ That the Board approve project planning and authorize funding to allow for the GVR Glass Artists Club to have safe temporary spaces outfitted and available for kilns and storage. That these spaces be dedicated and located within the West Center campus.
- ✓ Repurpose the 360 ft² elongated, brick storage building at the north shuffleboard storage area at West Center that currently houses GVR electrical/lighting and custodial storage material, to accommodate kilns and storage for the GVR Glass Artists Club. Staff anticipates that the club may be able to occupy the space by late summer or early autumn 2018.
- ✓ That the costs of this project, primarily for architectural, tenant improvement construction and permitting be set at "not to exceed \$18,000" with the funding source for the project determined by the Fiscal Affairs Committee.

Light East Center Pickleball Courts 1, 2, 3 Potential Quad Option

Overview

On February 27, 2018, the GVR Board of Directors voted to put into motion the lighting of Pickleball Courts #1, #2 and #3 at GVR East Center. WSM architects has been retained to develop the designs, electrical and lighting engineering for submittal to Pima County for permitting the project. After further review of the project, it was identified by staff to explore the feasibility of converting court #1 into two Pickleball courts. The current orientation of court #1 is east/west which is highly undesirable for play. With court #1 reoriented to a north/south orientation, it may be feasible to develop the area into two courts that could also be lighted. In the end, East Center would have two quads of lighted courts.

Recommendation

Explore the feasibility of converting Pickleball court #1 to two north/south oriented lighted courts:

- Retain WSM Architects to create a feasibility study and design for a quad of lighted courts in the area that is currently courts #1, #2 and #3 sensitive to county parking and lighting constraints; and
- 2. In the meantime, and in lieu of a feasibility study, move forward with the lighting project of courts #2 and #3 with funding coming from FY2018 non-reserve capital projects.

Membership Survey Ad Hoc Committee

Overview

Effective with the presentation of the results from the comprehensive 2018 Survey Assessment of GVR member wants, needs, interests and values, the work of the Blue Ribbon Committee responsible for undertaking the comprehensive membership survey will come to a close.

Results of the member survey offer many areas for further detailed examination and discourse, including:

- ✓ Vision statement, Board Code of Conduct; Board representation of members, budgets, & the role that reserves play.
- ✓ GVR Board & GVR Foundation: service to older members & "underserved members" (those with physical disabilities and accessibility issues).
- ✓ Volunteering, cost of classes, staff accessibility to members.
- ✓ Communications related issues:
 - Information exchange with members;
 - How to reach the 40% of members who do not use email;
 - Member input at Board meetings;
 - Opportunity to discuss issues with Board members;
 - Two-way free flow of information;
 - > How can the Board do a better job listening & receiving input from members;
 - > Email communication with the Board.

Recommendation

Establish a Membership Survey Ad Hoc Committee to take effect during 2018/2019 governance year. Charge the Ad Hoc committee with responsibility for advising the Board about follow-up to the 2018 Survey Assessment of members. In addition, charge the Membership Survey Ad Hoc Committee with the following tasks:

- 1. Establish subcommittees comprised of non-Director GVR members to address various issues;
- 2. Provide subcommittees with specific assignments;
- 3. Provide a progress report at regularly scheduled Board meetings.

Board Orientation & Election of Officers Schedule

Overview

President Jim Nelson and Director Denise Nichols cooperated to prepare an orientation program for the Board of Directors that includes newly elected Directors. The orientation program will follow the Annual Meeting of the Corporation in mid-April to avoid conflicting with Easter and Passover holidays. Envisioned are three half-day sessions, each conducted from 9 AM to 1 PM to include a continental breakfast and lunch. Election of Board Officers for the 2018/2019 governance year will occur at the New Board meeting following completion of the orientation program.

Recommendations

- 1. Conduct Board Orientation during three (3) half-day sessions at the following dates/times/locations:
 - Session #1 Thursday, April 12 Las Campanas Center, Ocotillo Room
 - Session #2 Friday, April 13 West Center, Room 2
 - Session #3 Monday, April 16 West Center, Room 2
- 2. Appoint a Board Orientation Ad Hoc Committee to set orientation session agendas and secure presenters.
- 3. Schedule the initial meeting of the 2018/2019 Board of Directors on Monday, April 16 1:30pm at West Center Auditorium
