

## **CEO Search Committee Highlights**

**March 9, 2020**

The CEO Search Committee discussed both the revised position description from the last meeting and the one used when Kent Blumenthal was hired. The committee went through the Kent Blumenthal position description line by line and deleted items no longer relevant, reworded items that were not clear, and added items to make the position description in line with our Policy Governance policies.

Dee Schisel, GVR HR manager, agreed to draft a revised position description based on the suggestions of the committee for the next meeting.
