RE: Status of Operating Cash Ad Hoc Committee

The Operating Cash Ad Hoc committee has met twice since our July FAC meeting. Members of the Ad Hoc committee are:

Scott Somers, CEO

David Webster, Interim CFO

Donna Coon

Nellie Johnson

Greg Wright

Steve Gilbert

Eric Sullwold

The committee agreed on 2 goals:

GOAL #1) Revisit the formula for 'average daily cash required' and the minimum level of cash needed in the operating cash accounts during the year. It is important to note that these are not reserve accounts. They are the working capital needed to fund the day-to-day operations of GVR, including funding of board approved transfers to the reserve funds.

GOAL #2) Update the Corporate Policy Manual SECTION V - FISCAL/ACCOUNTING. This section currently has 2 subsections:

SUBSECTION 1. FISCAL POLICY – GENERAL SUBSECTION 2 - RESERVE POLICY – updated 01/29/2020

We plan to add a third subsection:

SUBSECTION 3 - OPERATING CASH POLICY

At our last meeting the Ad Hoc committee agreed on the attached formula for calculating the 'average daily cash required'. This calculation is attached below.
