 While the preceding table illustrates the performance for the year 2023 according to the Financial Statements, it does not include any reduction for the necessary funding from Operations for Reserve Funds that are included in GVR's 2023 budget. There were 72 Home Resales during the month of August. This number of sales is 5 (6%) less than budgeted for August and the same amount as the prior year. GVR offsets these sales with an allowance for Membership Change Fee Refunds for Members who transition from a primary residence. The Property Report is on page 12 and the current allowance is \$205,900 (page 2). GVR remains 11% under budget year to date for home sales. The following graph illustrates the actual compared to the monthly budgeted number of home sales through August, 2023.

- The August 2023 Statement of Financial Position (page 2) reports the Total Net Assets to be \$32,367,906 which is a \$1,087,304 increase for the year (page 2 and 3) and includes \$406,721 of Unrealized Gains on Investments for August 2023 year to date.
- The August 31 Operational cash on hand is \$378,103 (page 2). When combined with Operational Cash Investments in both JP Morgan accounts, total Operational Cash equals \$3,455,411 which is a \$520,270 decrease during the month of August. The cash projections for 2023 are on pages 6 and 7.

B

- The Net Fixed Assets are \$20,695,555 as of August 31, 2023 (page 2). Total net Capital Purchases for the year to date are \$1,827,150. The detail report of the Capital Purchases through August 2023 is on pages 8 through 11.
- Total Current Liabilities are \$3,108,064 (page 2). This includes 4 months of Deferred Dues revenue for 2023.
- Designated Net Assets equal \$10,772,597 (detailed on pages 4 5) which reflects a net decrease of \$92,314 for the month of August, 2023. The year to date net unrealized investment gain on investments are \$406,721 and are included in these balances.
- The Statement of Activities (page 3) indicates that Total Year to Date Revenue is \$7,871,149 which is 6% under budget and 4% less than the prior year. The primary driver of this negative variance is the Capital Revenue being under budget due to the lower than predicted sale of homes year during the first quarter 2023.
- The Cash Requirements Report for 2023 is included on pages 6 through 7. GVR's cash collections and Operating Cash balances are reasonable as projected. However, the cash balance projected in the 4<sup>th</sup> quarter is predicted to drop below the GVR 90-day minimum working capital cash requirement.
- The total expenses for the year are \$7,190,567 which is \$415,256 (6%) under budget and 2% more than the prior year (page 3). The following is a high-level summary of the amounts and percentage variance to budget for the year to date August 31, 2023:
