

GVR Club Needs Questionnaire

The GVR P&E Committee wants to take stock of the space needs and aspirations of GVR's clubs. This is an exercise which may take place several times as we narrow our focus as to what is necessary, as opposed to that which would be nice to have. Let's start by clearing the air:

THE PURPOSE OF THIS SURVEY IS NOT TO CREATE A TIMELINE OR TO COMMIT GVR TO ANY FUTURE COURSE OF ACTION. IT IS INTENDED TO START A DIALOG WITH THE CLUBS WHICH WILL LEAD TO A LONG-TERM PLAN.

We realize that you have been down this road before and that the landscape is literally littered with studies already. That was then, this is now. We realize that you may have been offered spaces currently occupied by other clubs... when they move. Do those spaces still meet your current and future needs? In what direction do you see your club headed? A little introspection will lead you to the conclusion that both GVR and its clubs are in a very fluid situation which will change over time. What we want to do first is create a "snapshot" of your club's current and future needs as you see them now.

This survey is directed to clubs that currently occupy dedicated space in GVR facilities, use shared space, or feel a future need for either dedicated or shared space

OK

1 Name of GVR Club

2 What is your current club membership?

3 Club President

4 Email:

5 Phone#

6 Survey completed by

7 Email:

8 Phone#:

9 Location(s) of current club space

10 Approximate combined square footage of your club space (or number of sport courts)

11 Are you happy with your current facility(ies)?

Yes

No

12 If you answered "Yes" to number 11, please skip to number 19. If you answered "No" please tell us why not.

13 Please list any facility limitations your club has identified that might restrict access or use by physically challenged members or persons with physical disabilities?

14 Where do you believe your club must be located?

15 Have you been promised a new location?

Yes

No

16 Where?

17 When?

18 Would your GVR club be willing to move to an interim location while waiting for the space that you really want?

Yes

No

19 Is your membership increasing?

Yes

No

20 Does your club sell items crafted by its members?

Yes

No

21 How does this benefit your club?

22 How does this benefit GVR?

23 Would you, or someone that your club might designate, be willing to participate in a focus group or planning committee which would study the future needs of GVR clubs?

Yes

No

24 Please give a brief description of your club's facility-related needs and the changes you foresee in the next five years.
